Frank Nirta, Board Certified Behavioural Therapist – Frank recently completed his Masters of Professional Education, Applied Behaviour Analysis (2018), from the University of Western Ontario.

In recent years, Frank used his expertise in Applied Behaviour Analysis to support clients with severe anxieties and phobias that resulted from their MVA's. His use of Exposure Therapy to treat these clients has regularly lead to the reduction of anxiety and the return of their pre-MVA functioning. Frank also has over 20 years' experience in the field of Acquired Brain Injury.
